Around the world protestors fought for freedom and better opportunities. From conflict in Libya to nuclear disaster in Japan and famine at the Horn of Africa - the UN provided relief and solutions. UN Secretary-General Ban Ki-moon declared sustainable development and lifting people out of poverty the main goals of his second term in office.

Afghan Opium Survey for 2011 (UNODC)

http://www.unodc.org/documents/crop-monitoring/Afghanistan/Afghanistan_opium_survey_2011_web.pdf

The price of opium in Afghanistan rose dramatically last year, according to a joint survey by the United Nations and the Government that was released on 12 January, which also shows that the farm-gate income from the narcotic probably amounted to over \$1.4 billion, equivalent to nine per cent of the gross domestic product (GDP).

The 2011 Afghan Opium Survey, carried out by the UN Office on Drugs and Crime (UNODC) and the Ministry of Counter Narcotics, reveals a 133 per cent increase in the farm-gate value of opium compared with the previous year.

Case Study on Youth Participatory Research on Education Quality in Central and Eastern Europe and the Commonwealth of Independent States - Innovative Practices, Lessons Learned and Recommendations (UNICEF)

http://reliefweb.int/sites/reliefweb.int/files/resources/EEPCT_YouthParticipatoryResearchCaseStudy_Dec2011.pdf

Young people often report that they are not given the opportunity to participate in processes that affect their lives; or when they are, they often feel their participation is not meaningful enough. A new case study on youth participatory research supported by UNICEF's Education in Emergencies and Post-Crisis Transition (EEPCT) programme, or Back on Track, looks at the methodology and processes used in 'A Study of Adolescent and Youth Perspectives on Education Quality in the Central and Eastern Europe and the Commonwealth of Independent States (CEE/CIS) Region' (henceforth referred to as 'Adolescent and Youth Perspectives Research').

Drinking Water: Equity, Safety and Sustainability (UNICEF / WHO)

http://www.unicef.org/media/files/JMP_Report_DrinkingWater_2011.pdf

UNICEF and the World Health Organization released a report on 20 December showing that the Millennium Development Goal of improving access to safe drinking water will likely be achieved considerably ahead of the 2015 target date. The report says between 1990 and 2008, the proportion of the world's population with access to improved drinking water sources increased from 77 per cent to 87 per cent. That means the world will soon meet the MDG target to halve the proportion of people without sustainable access to safe drinking water.

Economic Role of Cities (UN-HABITAT)

Reference Guide: Normative developments on the coordination of humanitarian assistance in the General Assembly and the Economic and Social Council since the adoption of General Assembly resolution 46/182; 2nd Edition (20th anniversary of General Assembly resolution 46/182)

<http://reliefweb.int/sites/reliefweb.int/files/resources/Reference%20Guide%20-%20Phase%20I%20-%202nd%20Edition.pdf>

Twenty years ago General Assembly resolution 46/182 provided the framework for emergency relief. Since 1991, significant challenges have emerged from the changing environment in which assistance has been provided. These challenges are evident in a number of areas, such as those related to internal displacement, gender, access, protection, safety and security of humanitarian personnel, humanitarian civil-military relation, global challenges and vulnerability, among others. This updated Reference Guide is intended to provide a concise overview of the normative evolution of key policy decisions of the General Assembly and the Economic and Social Council pertaining to humanitarian affairs as seen through humanitarian resolutions since 1991.
