

The United Nations Regional Information Centre (UNRIC) is pleased to invite you to the fourth edition of CINÉ-ONU on Wednesday October 17<sup>th</sup> from 17.30 to 19.30 at Résidence Palace.

We will be screening “Stolen Childhoods”, a film about child labour to coincide with Stand up against Poverty Day (17 October). Filmed in seven countries: Brazil, India, the United States, Mexico, Indonesia, Kenya and Nepal, Stolen Childhoods examines the cost of child labour to the global community, looks at the causes and recommends actions that can be taken to eliminate this shocking human rights violation in our lifetime. The story is told in the words of the labouring children, their parents and the people working daily to help them. Children share their experiences of exploitation and their hopes for a better life and future.

The film will be followed by a question and answer session with Jacob Gelt Dekker (see [www.jacobgeltdekker.com](http://www.jacobgeltdekker.com)), a charity worker in 16 countries, who was closely connected with the parts of “Stolen Childhoods” that were filmed in Kenya by Len Morris.
